What clients are saying

“Traction is a great process. At our company, it has created a foundation where members of our management team gain commitments from each other to get the important things done. Kurt Schneiber masterfully led us through this process. Important decisions were made that established our vision for success going forward. Now, our team is executing this vision with precision.”

–Duane Sparks, Founder and Chairman
The Sales Board, Inc.

“Over the course of the last year, my firm used Kurt to help implement the Traction EOS system. Kurt was efficient, thorough, and professional in this process. I am happy to say that we are now a fully functioning EOS company. That would not have been possible without Kurt’s assistance.
